Artist Bio

"ANATOLE KRASNYANSKY, UKRAINE (1930 - 2023)

Born in Kiev Ukraine in 1930, Anatole Krasnyansky, was a prominent architect and watercolorist when he left the U.S.S.R. for the United States in 1975. He found the US fertile ground for his aesthetic growth. Krasnyansky's traditional cityscapes, much admired in Europe, have grown richer, freer and more expressive; and in recent years he has evolved a second, wholly new style with which to render the experience and ideas of his new life in the United States.

Krasnyansky's awareness of the interdependence of architecture, sculptures, painting and applied art, and his knowledge of these diverse disciplines have shaped his career and found expression in his art. Through experimentation Krasnyansky has developed his own artistic method, one that has freed him from the constraints of traditional watercolor techniques.

The artist's innovative inclusion of paper texture into the creative process is a dynamic component of his art, resulting in an expansion of the medium's potential. Krasnyansky is one of the first artists to elevate the watercolor medium to the expressive possibilities usually associated with oil painting."

ANATOLE KRASNYANSKY "TAMBOURINE TWOSOME" (UNIQUE)

An absolutely gorgeous piece by the late Anatole Krasnyanski, this matted and framed original painting is a true statement piece, measuring an impressive 56x51 inches.

Anatole Krasnyanski "Tambourine Twosome" 2007 (Original Painting on Canvas)

Framed: 56x51

Acrylic and watercolor painting on handmade Japanese rice paper, signed in ink lower left. A unique work.

Appraised Value: \$25,500 (Pre-death)

Anatole Krasnyansky was a Ukrainian American artist, best known for his watercolors and cityscapes. His work conflates themes of music, theater, architecture, and culture through colorful figurations set in non-Euclidean space. Krasnyansky earned his master's in architecture and fine art before emigrating from the Soviet Union in 1975 to pursue his art career in Los Angeles. His structural aesthetic was shaped by his previous work as an architect, as well as having served as a scenic artist in the theater industry. Notably, Krasnyansky developed a unique process of textural watercolor painting, where his paper works reference Eastern culture and heritage through color relationships and architectural features. Krasnyansky exhibited internationally during his lifetime, including at institutions such as Stanford University in Palo Alto and the University of Los Angeles.
